

We need good paying jobs **NOW**, but Fast Track legislation will let Free Trade agreements sail through Congress and ship Teamster jobs overseas.

FAST TRACK FACTS:

1. Steals Congress's constitutional authority to review and amend trade agreements that are crafted in secret by corporate lobbyists.
2. Forces Congress to vote on all trade deals with almost no time for review, letting Wall Street slip in anti-worker provisions in the fine print.
3. Fast Track is a one-way trip to trade deals worse than NAFTA, with the Trans-Pacific Partnership being negotiated by corporate lobbyists in secret as we speak.
4. Makes it easier and faster for Wall Street and corporations to ship Teamster jobs overseas, possibly even your own!

Call your member of Congress **RIGHT NOW** at 1-888-979-9806, and tell them to vote **NO** on Fast Track legislation!
