

IAM *FAKES Flier on Seniority*

The IAM is distributing a falsified document that purports to be from me.

It is not.

Let me be clear: The Teamster position on seniority integration is date of hire in the craft. This is our well-recognized Airline Division policy.

The IAM now admits this document is a phony and the Teamsters are pursuing legal action.

The IAM is desperate. They have failed. They are losing. Vote them out.

Fraternally,

David Bourne
Teamsters Airline Division Director
