

# *Who Are the* **TEAMSTERS?**

---

## **Teamsters Are Working People Just Like Us!**

The Teamsters are working men and women just like us—1.4 million workers from across the United States and Canada. Teamsters are truck drivers and warehousemen, health care workers like us, public employees and teachers, firefighters, and many others.

What makes Teamsters different? Teamsters are organized. Together, Teamsters have a strong voice and build a better future for themselves and their families.

- Teamsters have legally binding contracts with their employers.
- Teamsters decide together what will be in their contracts — and they win better wages, benefits and working conditions.
- Teamsters win respect and dignity on the job.

Are you satisfied with the status quo at Abbott Ambulance? Do you need the better wages and health benefits, vacation, job security and the respect on the job that a Teamster contract can bring?

Check out the Teamsters. You'll be glad you did.

***The Teamsters – Decent Wages, Strong Benefits,  
and a Voice in Our Future***
