

Tentative UPS Agreement Increases Full-Time Package Car Driver Progressions*

The tentative UPS Agreement significantly increases the progressions for full-time package car drivers. See below.

The top rate throughout the country will exceed \$40.00 per hour as of August 1, 2022. There is some variance in the regular package car driver (RPCD) top rate; these top rates were established in the regional agreements prior to the creation of the National Master UPS Agreement in 1979.

For more information, visit www.UPSrising.org.

*This chart shows wage rate only; it does not show the excellent benefits UPS workers receive.
