YRC FREIGHT, Inc. 2017 Network Enhancement Change of Operations (Article 8, Section 6)

July 25, 2017

Mr. James Hoffa General President International Brotherhood of Teamsters 25 Louisiana Avenue, NW Washington, DC 20001

Mr. Ernie Soehl National Freight Director International Brotherhood of Teamsters 25 Louisiana Avenue, NW Washington, DC 20001

Dear Messrs. Hoffa and Soehl,

Attached for formal filing are two Changes of Operations under Article 8, Section 6 and Article 3, Section 7 of the National Master Freight Agreement. These Changes are being mailed to affected local unions on this same date, with a requested hearing date of August 24, 2017 and implementation no sooner than October 8, 2017.

As discussed in more detail below, the Changes provide for the opening of eight (8) new Distribution Centers to complement the twenty-three (23) in place today. The constraints that exist within the current structure cause the Company to regularly incur severe freight back-ups at seven (7) of the present Distribution Centers: Chicago, IL; Kansas City, MO; Indianapolis, IN; Akron, OH; Dallas, TX; Harrisburg, PA; and Charlotte, NC. These back-ups occur most frequently during end of month and end of quarter freight surges, as well as in connection with weather events. The Changes are designed to allow for more consistent and reliable freight flow, improved service, and the creation of the additional capacity needed to grow business.

The eight (8) new Distribution Centers are as follows:

- Hagerstown, MD
- Richmond, VA
- Orlando, FL
- San Antonio, TX
- St. Louis, MO
- Columbus, OH
- Omaha, NE
- South Bend, IN

These facilities add an additional eight hundred thirty-seven (837) doors, capable of handling seven thousand (7,000) daily shipments. These Changes of Operations do not, however, modify any terminal's assigned Pickup & Delivery area. Accordingly, there are no zip code transfers.

In addition to positioning the Company for improved service and growth, the Changes also would improve working conditions for many employees. The Changes would:

- Convert thirty (30) sleeper team operations involving sixty (60) drivers to single driver operations.
- Introduce one hundred-eighteen (118) meet and turn operations involving two hundred thirty-six (236) drivers originating from twenty (20) terminals. These dispatches will be predominately daylight work opportunities, originating between 6:00 am and 8:00 am.
- Reduce one hundred ninety-five (195) layover trips to fast turns allowing the driver to return home each trip.
- Eliminate two hundred sixty-seven (267) hotel stays for our drivers each night.
- Provide for eighty-four (84) Utility Employee positions originating from thirty-three (33) terminals. This operation will focus on the eight (8) new Distribution Centers only and are within a one hundred seventy-five (175) mile radius.

The Company anticipates that these aspects of the Changes will help improve its ability to attract and retain drivers.

In total, there are eighty-eight (88) Teamster Local Unions and one hundred twelve (112) terminals involved. I firmly believe that we all share a common goal of positioning the Company and our employees for long-term success, while at the same time ensuring the least amount of disruption possible.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

Lamar E Beinhower

Director of Labor & Employee Relations

Jan & Beilin

GENERAL OPERATING STATEMENT

This 2017 Network Enhancement Change of Operations request is filed simultaneously with an Article 3, Section 7 Utility Employee Change of Operations request to facilitate the operational ability of YRC Freight, Inc. to significantly improve the customer service product by adding eight (8) new Distribution Centers to the existing twenty-three (23) currently in the network today. The increase to thirty-one (31) Distribution Centers will significantly relieve pressure points within the existing network while at the same time creating capacity for future, profitable growth with the expansion of 962 doors to process the freight.

This Change of Operations request will strengthen the integrity of freight flow within the linehaul network to and from terminals by:

- Establishing linehaul domiciles at end of the line terminals
- Establishing eighty-four (84) Utility Driver positions at thirty-three (33) end of line terminal locations, each within approximately 175-mile radius of the eight (8) new Distribution Centers
- Reducing Sleeper Team operations and converting to single driver operations
- Converts a portion of current laydown road operations into meet and turn operations.

The result of these modifications will have a dramatic impact on improving the service product to our customers by reducing capacity issues at existing Distribution Centers, especially at end of month and end of quarter periods. This will be accomplished by redirecting approximately seven-thousand (7,000) shipments per day from existing Distribution Centers to the newly established eight (8) Distribution Centers.

By re-engineering some segments of our line-haul operation in addition to placing road drivers in select end of line terminals, this Multi-Region Change of Operations will allow YRC Freight to provide a competitive service, secure additional revenue and provide new Union jobs.

This proposed Change of Operations, in combination with the proposed Utility Employee Change of Operations, will include following:

- Will establish the following eight (8) facilities as new Distribution Centers:
 - o Columbus, OH
 - o Hagerstown, MD
 - o Omaha, NE
 - o Orlando, FL
 - o Richmond, VA
 - o Saint Louis, MO
 - San Antonio, TX
 - o South Bend, IN

- Will establish meet and turns runs
- Will reduce sleeper team operations and convert to single driver operations
- Will establish road domiciles at existing end of the line terminals
- Will reduce congestion at the existing distribution Centers by approximately 7,000 bills per day

As provided in the Extension of the Agreement for the Restructuring of the YRC Worldwide Inc. Operating Companies, signed and dated 2/7/14, is the requirement, under 7 (e) (iii) where it states...."The red circle number itself shall not be changed other than as may be provided for in an approved change of operations." Attached to this document, identified as Exhibit 11, is the request of the Company to modify the red circle number itself at its Distribution Center Road Domiciles. Also included in this Exhibit is the addition of the eight (8) proposed new Distribution Center Road Domiciles with their proposed red circle number. The Company requests the approval of the contents of Exhibit 11 to be in compliance with the 2014 Restructuring Agreement.

All employees accepting transfer under this Change of Operations will work under the National Master Freight Agreement, the applicable Supplemental Agreements, work rules, rates of pay and conditions in effect at the terminal/domicile to which they transfer. No past practices will follow employees to their new locations.

Exhibit 9 defined in this Change of Operations describes the primary means to move traffic. Primary does not mean exclusive. All dispatches will be in compliance with the National Master Freight Agreement and applicable supplements.

General Provisions

The Utility Employee Change of Operations will create eighty-four (84) new local cartage positions as provided by Article 3 section 7 of the contract.

This Network Enhancement 2017 Change of Operations must be implemented simultaneously and is part and parcel to YRC Freight's Utility Employee Change of Operations which will have an effect on both road driver positions and local cartage positions. The Company will comply with the seniority application decision of the Committee, however, we would put forward the following job opportunity proposal for the National Utility Employee Review Committee and Multi Region Change of Operations Committee's consideration:

- Bidding opportunities afforded in the Network Enhancement 2017 Change of Operations will be identified as "Follow the Work" bidding opportunities and Pool bid opportunities. All identified "Follow the Work" opportunities will be posted and awarded at the respective losing terminal, prior to the telephone pool bid. Employees may waive their rights to bid in the 2017 Network Enhancement Change of Operations Follow the Work bid in order to participate in the pool bid. Article 8 Section 6 and Article 3 Section 7 pool bid opportunities will be available simultaneously to the respective bidder during the telephone bid. Both active and inactive employees shall be afforded the opportunity to participate in the "Follow the Work" bidding, however, employees hired on or after the postmark date of mailing for this Change of Operations shall not be eligible to bid. For pool bidding participants, both active and inactive employees shall be afforded the opportunity to participate in the bidding, however, employees hired on or after the postmark date of mailing for this Change of Operations shall not be able to bid. The pool bid employees will be bid active to active and inactive to inactive. Single line locations will bid positions in seniority as they have in the past.
- Terminals that are losing road and are gaining Utility Employee positions shall have the first opportunity to bid those gaining Utility Employee positions within the terminal based on their respective terminal bidding procedures and practices. For pool bidding participants, both active and inactive employees shall be afforded the opportunity to participate in the bidding, however, employees hired on or after the postmark date of mailing of this Change of Operations shall not be able to bid. The pool bid employees will be bid active to active and inactive to inactive. The numbers to be bid shall be equal to or less than the number of positions lost. In no event will a location be permitted to bid more positions than it is losing. These bids will be posted and awarded at each location described above, prior to any pool bidding. Single line locations will bid positions in seniority as they have in the past.
- At those gaining facilities where there are employees on letter of layoff who are senior to employees transferring in, the senior employees may not exercise their seniority to bump the less senior employee unless and until such time as they are recalled by letter of recall or worked back on by the terms of their Supplement to fill regular available work opportunities, at which time they

shall be dovetailed on the active seniority list, but will not be able to displace a less senior Utility Employee prior to six (6) months after implementation, after which the Utility Employee positions will be bid consistent with the Local Union practice or consistent with the applicable Supplement. However, in the event of a layoff, employees will be laid off in seniority order.

All Mechanic losses identified in Exhibit 7 in this document will have an
opportunity to select an available work opportunity in the telephone pool bid
only. In no event will a location be permitted to bid more positions than it is
losing.

When approved, the Company will utilize, first, a terminal "Follow the Work" bid procedure. Employees may bid in this procedure or elect to participate in the pool bid. The pool bid will be a telephone bid to be held on a designated date a minimum of seven (7) days after the "Follow the Work" bids have been awarded. The sign-up sheets for pool bidding will be posted at losing domiciles for seven (7) days and the telephone bid will take place as agreed upon at the Change of Operations hearing.

YRC Freight proposes a cutoff date for any new hire as of the postmark date of mailing for this Change of Operations. Those attaining seniority after this date shall not be eligible to participate in the bid. In addition, we would further propose that the postmark date of mailing for this Change of Operations be utilized as a date to determine active status (layoff vs. active).

The company seeks to implement the Network Enhancement 2017 Change of Operations no sooner than Sunday, October 8, 2017.

Moving expenses in this Change of Operations will be handled in accordance with the provisions contained in Article 8, Section 6 of the National Master Freight Agreement.

The Company agrees that nothing in this proposed Change of Operations is intended to violate and/or alter the provisions of the NMFA or the applicable supplemental agreements. The Company will operate in accordance with DOT rules and regulations and current hours of service provisions.

The Company does not intend to modify our current method of operations, agreed to work rules, methods of dispatch, or approved Changes of Operations, except as specifically provided in this proposal.

The company proposes a window period as determined by the Multi-Region Change of Operations. We would request the telephone bid take place on September 25, 2017 with the implementation no sooner than October 8, 2017.

BIDDING/SENIORITY INFORMATION

Employees who are qualified bidders on Long-Term Disability (LTD) at the time of bid shall be allowed to bid.

Any employee, by reason of seniority becomes eligible to bid but needs training to be CDL qualified, shall be offered a sixty (60) day training period by the Company in order to qualify. The period to commence the training may begin upon implementation of the change. The Company will provide training personnel and equipment at the location where the employee is currently domiciled or otherwise as mutually agreed to. If the employee fails to qualify during such sixty (60) day training period, they shall forfeit their bid and return to the seniority list at their present location.

SENIORITY DISPOSITION

The Company will offer job opportunities at gaining locations in accordance with the numbers set forth in the attached Exhibits. These exhibits identify all gaining and losing locations in all phases of the change and the overall impact on each location.

TELEPHONE BID

The company will utilize a telephone bid procedure wherein it will combine the seniority lists by appropriate classification from all losing locations.

In addition, seniority lists from the gaining domiciles will be made available to eligible bidders at losing terminals to aid them in selecting a domicile to which they can transfer.

The company will then offer available job opportunities at the gaining domiciles upon completion of the Follow the Work Bid. A complete list of Pool Bid opportunities will be provided. These exhibits identify all gaining and losing locations in all phases of this change as well as the overall impact on all locations.

CENTRAL REGION

Toledo, OH - 251 Local #20

ROAD

PRESENT OPERATION

Toledo, OH currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Toledo, OH road operation will gain work and be a net zero (0) road driver position as per Exhibit 4. Toledo, OH road primaries will be defined per Exhibit 9

Akron, OH - 211 Local #24

LOCAL CARTAGE

As a result of the realignments described in this change, the Detroit, MI road operation will be a net zero (0) road driver positions as per Exhibit 4. Detroit, MI road primaries will be defined per Exhibit 9.

Rockford, IL - 319 Local #325

ROAD

PRESENT OPERATION

Rockford, IL currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Rockford, IL road operation will close as a road domicile and be a net minus two (-2) road driver position as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6.

South Bend, IN - 312 Local #364

LOCAL CARTAGE

PRESENT OPERATION

South Bend, IN currently operates as an end of the line terminal in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the South Bend, IN terminal will open as a distribution center and will gain work and be a net plus fourteen (+14) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

South Bend, IN currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the South Bend, IN road operation will gain work and be a net plus three (+3) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. South Bend, IN road primaries will be defined per Exhibit 9.

Rock Island, IL - 371 Local #371

ROAD

PRESENT OPERATION

Rock Island, IL currently operates as an end of the line terminal and does not have an established road domicile.

PROPOSED OPERATION

As a result of the realignments described in this change, the Rock Island, IL road operation will be established as a road domicile within the YRC Freight network and will gain work and be a net plus two (+2) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Rock Island, IL road primaries will be defined per Exhibit 9.

Grand Rapids, MI – 272 Local #406

ROAD

PRESENT OPERATION

Grand Rapids, MI currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Grand Rapids, MI road operation will lose work and be a net minus one (-1) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6 and Exhibit 8. Grand Rapids, MI road primaries will be defined per Exhibit 9.

Cleveland, OH - 218 Local #407

ROAD

PRESENT OPERATION

Cleveland, OH currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Cleveland, OH road operation will lose work and be a net minus six (-6) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6 and Exhibit 8. Cleveland, OH road primaries will be defined per Exhibit 9.

Columbus, OH - 857 Local #413

LOCAL CARTAGE

PRESENT OPERATION

Columbus, OH currently operates as an end of the line terminal in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Columbus, OH terminal will open as a distribution center and will gain work and be a net plus thirty-four (+34) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Columbus, OH currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Columbus, OH road operation will gain work and be a net plus twenty-seven (+27) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Columbus, OH road primaries will be defined per Exhibit 9.

The company proposes to operate the following Columbus, OH meet and turns as described in Exhibit 10:

- Charlotte, NC 653
- Richmond, VA 172
- Atlanta, GA 402
- Nashville, TN 422

MECHANICS

PRESENT OPERATION

Columbus, OH currently operates as a maintenance facility in the YRC Freight network with mechanic functions that support the operation.

PROPOSED OPERATION

As a result of the realignments described in this change, the Columbus, OH shop will gain work and be a net plus fourteen (+14) mechanic positions. Available work opportunities will be offered as per Exhibit 7.

Fort Wayne, IN - 246 Local #414

ROAD

PRESENT OPERATION

Fort Wayne, IN currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Fort Wayne, IN road operation will gain work and be a net zero (0) road driver position as per Exhibit 4. Fort Wayne, IN road primaries will be defined per Exhibit 9

Omaha, NE - 381 Local #554

LOCAL CARTAGE

PRESENT OPERATION

Omaha, NE currently operates as an end of the line terminal in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Omaha, NE terminal will open as a distribution center and will gain work and be a net plus twelve (+12) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Omaha, NE currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Omaha, NE road operation will gain work and be a net plus four (+4) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Omaha, NE road primaries will be defined per Exhibit 9.

The company proposes to operate the following Omaha, NE meet and turns as described in Exhibit 10:

• Denver, CO − 890

MECHANICS

PRESENT OPERATION

Omaha, NE currently operates as a maintenance facility in the YRC Freight network with mechanic functions that support the operation.

PROPOSED OPERATION

As a result of the realignments described in this change, the Omaha, NE shop will gain work and be a net plus two (+2) mechanic position. Available work opportunities will be offered as per Exhibit 7.

St. Louis, MO - 621 Local #600

LOCAL CARTAGE

PRESENT OPERATION

St. Louis, MO currently operates as an end of the line terminal in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the St. Louis, MO terminal will open as a distribution center and will gain work and be a net plus forty-five (+45) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

PROPOSED OPERATION

As a result of the realignments described in this change, the Dallas, TX terminal will lose work and be a net minus one hundred two (-102) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 2.

ROAD

PRESENT OPERATION

Dallas, TX currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Dallas, TX road operation will lose work and be a net minus sixty (-60) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6. Dallas, TX road primaries will be defined per Exhibit 9.

The company proposes to operate the following Dallas, TX meet and turns as described in Exhibit 10.

- Springfield, MO 547
- McAllen, TX 556
- Laredo, TX 557

MECHANICS

PRESENT OPERATION

Dallas, TX currently operates as a maintenance facility in the YRC Freight network with mechanic functions that support the operation.

PROPOSED OPERATION

As a result of the realignments described in this change, the Dallas, TX shop will lose work and be a net minus twenty-nine (-29) mechanic positions. Available work opportunities will be offered as per Exhibit 7.

El Paso, TX - 851 Local #745

ROAD

PRESENT OPERATION

El Paso, TX currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the El Paso, TX road operation will gain work and be a net plus fourteen (+14) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. El Paso, TX road primaries will be defined per Exhibit 9.

The company proposes to operate the following El Paso, TX meet and turn as described in Exhibit 10:

• San Antonio, TX – 555

Little Rock, AR - 580 Local #878

ROAD

PRESENT OPERATION

Little Rock, AR currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Little Rock, AR road operation will close as a road domicile and be a net minus three (-3) road driver position as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6. Road primaries will be defined per Exhibit 9.

Oklahoma City, OK - 531 Local #886

LOCAL CARTAGE

PRESENT OPERATION

Oklahoma City, OK currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Oklahoma City, OK terminal will gain work and be a net plus fourteen (+14) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Oklahoma City, OK currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Oklahoma City, OK road operation will gain work and be a net plus sixteen (+16) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Oklahoma City, OK road primaries will be defined per Exhibit 9.

MECHANICS

PRESENT OPERATION

Oklahoma City, OK currently operates as a maintenance facility in the YRC Freight network with mechanic functions that support the operation.

PROPOSED OPERATION

As a result of the realignments described in this change, the Oklahoma City, OK shop will gain work and be a net plus ten (+10) mechanic positions. Available work opportunities will be offered as per Exhibit 7.

Jackson, MS - 455 Local #891

LOCAL CARTAGE

PRESENT OPERATION

Jackson, MS currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Jackson, MS terminal will gain work and be a net plus eight (+8) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Jackson, MS currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Jackson, MS road operation will gain work and be a net plus twelve (+12) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Jackson, MS road primaries will be defined per Exhibit 9

Houston, TX - 521 Local #988

LOCAL CARTAGE

PRESENT OPERATION

Houston, TX currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Houston, TX terminal will lose work and be a net minus four (-4) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 2.

ROAD

PRESENT OPERATION

Houston, TX currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Houston, TX road operation will lose work and be a net minus seven (-7) road driver position as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6. Houston, TX road primaries will be defined per Exhibit 9.

WESTERN REGION

Bloomington, CA - 830 Local #63

LOCAL CARTAGE

PRESENT OPERATION

Bloomington, CA currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Bloomington, CA terminal will gain work and be a net plus nine (9) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Bloomington, CA currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Bloomington, CA road operation will gain work and be a net plus three (+3) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Bloomington, CA road primaries will be defined per Exhibit 9.

The company proposes to operate the following Bloomington, CA meet and turn as described in Exhibit 10:

• Phoenix, AZ – 104

Phoenix, AZ - 841 Local #104

LOCAL CARTAGE

PRESENT OPERATION

Phoenix, AZ currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Phoenix, AZ terminal will gain work and be a net plus one (+1) local cartage position as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

ROAD

PRESENT OPERATION

Phoenix, AZ currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Phoenix, AZ road operation will gain work and be a net plus ten (+10) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Phoenix, AZ road primaries will be defined per Exhibit 9.

The company proposes to operate the following Phoenix, AZ meet and turn as described in Exhibit 10:

• Bloomington, CA – 830

MECHANICS

PRESENT OPERATION

Phoenix, AZ currently operates as a maintenance facility in the YRC Freight network with mechanic functions that support the operation.

PROPOSED OPERATION

As a result of the realignments described in this change, the Phoenix, AZ shop will gain work and be a net plus two (+2) mechanic position. Available work opportunities will be offered as per Exhibit 7.

Salt Lake City, UT - 881 Local #222

LOCAL CARTAGE

PRESENT OPERATION

Salt Lake City, UT currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Salt Lake City, UT terminal will gain work and be a net plus one (+1) local cartage position as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

Tracy, CA - 813 Local #439

LOCAL CARTAGE

PRESENT OPERATION

Tracy, CA currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Tracy, CA terminal will gain work and be a net plus two (+2) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 3.

Denver, CO - 890 Local #455 Local #17

LOCAL CARTAGE

PRESENT OPERATION

Denver, CO currently operates as a Distribution Center in the YRC Freight network.

PROPOSED OPERATION

As a result of the realignments described in this change, the Denver, CO terminal will lose work and be a net minus (-2) local cartage positions as defined in Exhibit 1. Available work opportunities will be offered as per Exhibit 2.

ROAD

PRESENT OPERATION

Denver, CO currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Denver, CO road operation will gain work and be a net plus three (+3) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 5. Denver, CO road primaries will be defined per Exhibit 9.

The company proposes to operate the following Denver, CO meet and turn as described in Exhibit 10:

• Omaha, NE -381

Albuquerque, NM - 859 Local #492

ROAD

PRESENT OPERATION

Albuquerque, NM currently operates as a road domicile in the YRC Freight network as defined in previous change of operations.

PROPOSED OPERATION

As a result of the realignments described in this change, the Albuquerque, NM road operation will lose work and be a net minus one (-1) road driver positions as per Exhibit 4. Available work opportunities will be offered as per Exhibit 6. Albuquerque, NM road primaries will be defined per Exhibit 9.
