

Member Mobilization for Power!!

Hosted by
Teamsters Local 688, Saint Louis, Missouri
October 16-18, 2017

Whether bargaining new contracts, re-negotiating existing ones, addressing workplace issues, growing your membership or fighting legislative issues, **internal organizing** is the key component. The IBT Training and Development Department will conduct a three-day course designed to help local unions develop a strategic action plan to engage their members in local union activities. It is especially recommended for those in “right-to-work” states or those who are concerned with “right-to-work” legislation passing in their state. Participants will put together a real life plan of action that can be implemented upon return to their locals.

REGISTRATION: Register and pay online at <http://ibt.io/tla2017>.
