TEAMSTER CARHAULERS REJECT NATIONAL AGREEMENT, TWO SUPPLEMENTS

The Teamsters National Automobile Transporters Industry Negotiating Committee (TNATINC) will reconvene and continue to negotiate on the members' behalf after carhaulers overwhelming voted to reject the national agreement and two supplemental agreements.

In the interim, all carhaulers should continue to work as usual and the TNATINC will keep local unions and members updated.

The members ratified the Western supplement but rejected the Central-Southern and Eastern supplements.

Thank you.
