## Mobilize Members to Fight the War on Workers

Hosted by

**Teamsters Local 728 – Atlanta, Georgia**

**September 16-18, 2015**

---

The IBT Training and Development Department will conduct a three-day course designed to give participants an overview of why and how to mobilize members. Unions are facing an unprecedented attack such as the Supreme Court signaling that they are prepared to end union security in all public sector jurisdictions. For local unions in non-right-to-work states, this is new territory. On the plus side, many of our local unions in right-to-work states are successful in maintaining and growing their membership and have much they can teach the rest of us. That is why this year's TLA is being held in Georgia, a right-to-work state. The goal of this training is to learn from each other how to mobilize members and to learn strategies that involve our members in the ownership of their Union.
