

# Mitt Romney:

**ANTI - WORKER**

**ANTI - MIDDLE CLASS**

**ANTI - TEAMSTER**

## Mitt Romney in his own words on Blaming Unions for the Recession:

Mitt Romney has called Teamster and Union Members “Stooges”<sup>1</sup> and “Cronies,”<sup>2</sup> while accusing Unions of engaging in “Crony Capitalism,”<sup>3</sup> which “...killed businesses and made America become less competitive.”<sup>4</sup>

Mitt Romney blamed workers and Union members for the Recession, while investors, like him, destroyed the economy.

## Mitt Romney in his own words on support of National Right-to-Work Laws:

Mitt Romney has said he would, “Support states in pursuing right-to-work laws,”<sup>5</sup> “I’ll stand up for right-to-work legislation”<sup>6</sup>, and he “...would sign a national right-to-work law if it came across his desk.”<sup>7</sup>

A national Right-to-Work law would make negotiating contracts more difficult, while lowering wages and benefits nationwide.

## Mitt Romney was CEO of Bain Capital, a “Pioneer” in outsourcing American Jobs overseas:

“During the nearly 15 years that Romney was actively involved in running Bain, a private equity firm that he founded, it owned companies that were pioneers in the practice of shipping work from the United States to overseas call centers and factories...” – Washington Post, 06/21/2012

Bain even had a “Director of Outsourcing”<sup>8</sup>, whose sole responsibility was to destroy thousands of American jobs by shipping them overseas.

**MITT ROMNEY:  
WRONG FOR TEAMSTERS,  
WRONG FOR THE MIDDLE  
CLASS, WRONG FOR YOU!**
