No employees covered by this contract may hold regular jobs at more than one place of employment.

c) Probationary Period

A new employee shall work under the provisions of this Agreement but shall be employed only on a sixth (60) day trial basis, during which period he may be discharged without further recourse; provided, however, that the Employer may not discharge or discipline for the purpose of evading this Agreement or discriminating against Union members. After thirty (30) days, the employee shall be placed on the regular seniority list and shall enjoy all the benefits provided for in the Addendum and/or contract.

In case of discipline within the sixty (60) day period, the Employer shall notify the Local Union in writing. Casual employees shall not come under this provision.

Section 5. Jurisdiction

The Company agrees that all classifications of work contained in this Article come under the jurisdiction of the Teamsters Local Unions and will whenever possible use company employees to perform all of said work within the Company's premises.

Section 6. Tools

Damaged Or Destroyed Tools

The Employer shall be responsible for all employees' tools damaged or destroyed as a result of fire on the Employer's premises, or theft through break-in or illegal entry, unless the Employer has furnished a safe place for the keeping of tools during the time when the garage is closed and the employee has failed to keep his tools therein. An entire inventory of tools is to be maintained by the employee and submitted to the Employer. The Employer shall demand and obtain an inventory of the tools from each mechanic.

Central

Special Tools

The Employer shall furnish special tools, the nature of which shall be resolved by mutual agreement between the Union and the Employer's representative.

During the life of this Agreement, if metric tools become necessary, the Company shall have available one set of one-half (1/2) inch drive ratchet-shallow and deep sockets (16-26 mm) and one set of combination wrenches one quarter (1/4) inch through one and five sixteenth (1 5/16) inch (6-32 mm).

Coveralls

The Employer shall arrange for and assume the cost of uniforms (shirts and pants) or coveralls. All employees shall have one clean uniform or coveralls per day within the forty (40) hour standard guaranteed work week.

Tool Allowance

Effective April 1, 2008, a tool allowance will increase by ten dollars (\$10.00) per month above the allowance then in effect to be paid to all employees in the journeyman classification and above and also advanced apprentice mechanics.

To be eligible for the tool allowance each month, the employee must work at least sixty-five percent (65%) of the scheduled work days in the month.

Since the Employer is granting a tool allowance to all classifications of work within the journeyman classification group and above, it is understood and agreed that the Employer may use employees in those classifications to perform work in lower classifications of the same wage group, irrespective of any past practice.
