

ANHEUSER-BUSCH

Anheuser-Busch and International Brotherhood of Teamsters Joint Statement

March 30, 2020 – As part of our ongoing efforts to support our people during this challenging time, Anheuser-Busch and the International Brotherhood of Teamsters today announced a temporary increase in pay of at least 10% for employees who are on the front lines of our operations. This is in addition to our prior agreement that full-time employees will be provided COVID-19 related sick leave with pay. The safety and wellbeing of our people is our top priority, and business-critical employees on the front lines of the supply chain deserve to be recognized.
