

Build Back Stronger

GOOD JOBS. SECURE PENSIONS. STRONG UNIONS.

Now is the time to Build Back Stronger. America's workers need good jobs, secure pensions and strong unions. The Teamsters Union and our members will be advocating at all levels of Government to pass our agenda.

GOOD JOBS.

American workers deserve good jobs. Jobs that are safe with employers providing necessary personal protection equipment and other considerations during a National pandemic. Jobs that provide fair wages, benefits and overtime. Jobs that aren't threatened by unfair trade agreements or automation.

SECURE PENSIONS.

American workers and retirees have worked hard for their pensions. It is a promise that must be kept. In addition, social security must be protected to allow all workers to retire securely.

STRONG UNIONS.

Now more than ever, America needs strong unions to demand better wages, benefits and working conditions for their members and all Americans. Strong unions are key to a better America.

Join the fight to Build Back Stronger!
