

We Need *YOU* to Drive the Future!

Here's how it looks from the driver's seat:

- **Anywhere you might end up, you can have a career waiting for you:** You will have an in-demand skill and work for a company with over 700 locations in the U.S. and Canada.
- **Bring your child to work with you:** You don't have to choose between your family and your career.
- **Flexible Schedule:** Free time in the middle of the day (between routes) to get done what you need to get done.
- **Take pride in your career:** Be the professional parents and students trust and respect.

Drive the Future

“The Teamsters Union is proud to expand our involvement with the United States Military by developing a strategic partnership along with FirstGroup America. From serving the stars and stripes to serving our students, the Teamsters are ready to help military families transition to another exciting opportunity to serve their communities.”

"As a military spouse myself for over 21 years, I can certainly relate to the value of our military spouses and dependents in the workplace.

The families of those who have honorably served face some of their most difficult times during deployment and transition. The hard decisions and geographic change that our soldiers, sailors, airman and family members face are extraordinary. Our veterans and their families are adaptable and global thinkers who can get the job done in any environment where they are trained to succeed."

—Holly Dailey, military spouse and recipient of the Outstanding Civilian Service Medal

The Teamsters Military Assistance Program (TMAP) has teamed up with the U.S. military and FirstGroup America, the nation's largest bus company, to create job opportunities for military families with FirstGroup America. Teamster FirstGroup America contracts are some of the strongest in the industry featuring: competitive wages, job security, free CDL training, ride-alongs for children over 18 months old, and transfer opportunities to over 700 locations throughout the U.S. and Canada.

America NEEDS licensed CDL drivers!

FirstGroup America will be joining the portfolio of Teamster companies that currently provide employment transition assistance to veterans and their families. ABF Freight is another, which is working to help service members become union truck drivers and fill much needed jobs.
