

Dear AAA employees,

We welcome you and all AAA workers who are organizing into Teamsters Local 665. In California working people stand together strong in our unions to support and fight for each other.

Your vote for the Teamsters will give you a voice and jobs rights only possible with a union contract. And, your vote for the Teamsters will make you part of the Labor family in every city and county that you work in.

We, undersigned Labor Council leaders, represent all the unions in our counties; and the California Labor Federation represents more than 2 million union members in over 1,000 Ca. unions. We know progress only comes when workers have a union giving us the strength to improve our jobs, wages, and benefits.

Our members include nurses and doctors, pilots and flight attendants, teachers and schools' workers, Screen Actors and Motion Picture professionals, state and local engineers, and many others. They work in such industries as hospitality, government, retail, construction, transportation and insurance.

Our members have been on the front lines throughout this pandemic to provide essential services. During this COVID crisis we have been busy and won new job protections, including expanded paid sick leave, health and safety laws. We fought to assure that all essential workers are supplied with Personal Protective Equipment (PPE). And we have opened up vaccination clinics for essential union members in our Labor Councils.

We all choose to be union to make sure we have power to protect our jobs. Our Unions give us our collective strength. And Teamsters Local 665 will give you the strongest voice possible.

You will have the support of our Central Labor Councils and the California Labor Federation. We are prepared to support you in your organizing campaign, in getting a good contract after you win, and in the future. Employers want us to stand alone **but we know that when we stand together we win!**

In Solidarity,
