Happy Labor Day!

Monday, September 6 is Labor Day – a day to celebrate all the hard-working men and women that are the backbone of our great country. Regardless of whether you belong to a labor union, if you build or maintain aircraft, you are labor. You come to work every day knowing that you hold people's lives in your hands, and that mediocrity is not an option. You work in high stress situations and many times in extreme conditions, never forgetting your commitment to safety.

Your dedication and self-sacrifice throughout the pandemic have been a key factor in air travel safely returning to within 20 percent of July 2019 levels.

So, on Labor Day, take a moment to reflect and celebrate labor.

Thank you for all that you do!

With Solidarity,
The TAMC Board of Directors,
Chris Moore, Bob Fisher, and
the Honorable John Goglia.
