The Benefits of Being a Teamster at UPS

By joining the Teamsters Union, you have the strength of the most powerful union in North America by your side.

In addition to the great health care and pension benefits that all UPS employees have thanks to union-negotiated benefits, there are many direct members-only benefits, including access to supplemental and/or discounts on:

- **Home and Auto Insurance**

- **The Teamster Privilege Credit Card**

The "Teamster Privilege" program provides discounts and/or access to multiple other benefits including:

- **Tuition assistance and education benefits**
- **Access to the Teamsters Disaster Relief Fund**
- **Access to the Teamster Privilege Legal Plan**
- **Teamster Privilege Mortgage services**
- **Vacation, car rental, and travel discounts**

Your membership also means you get to:

- **Vote on contracts and participate in contract proposal meetings**
- **Serve as shop stewards**
- **Run for union office**
- **Attend union meetings**
- **Vote for union officers**

The union is preparing to negotiate a new contract at UPS and we need all UPS employees standing together as Teamsters. We need the strength of your membership to give the union the power to win better wages and benefits and address other issues at UPS.
