

TAKE THE CONTRACT UNITY PLEDGE

Supplemental Negotiations Update

Contract negotiations are underway.

In April, our National Negotiating Committee will face off with the company on these issues:

- **Excessive overtime**
- **Two-tier 22.4 classification**
- **Subcontracting**
- **Harassment and driver-facing cameras**
- **Significant raises and major wage increases for part-timers**
- **More full-time 22.3 jobs**
- **PVDs and MRA abuse**
- **Pension improvements**

Supplemental contract negotiations are happening right now! Local officers and rank-and-filers are at the table hammering out more than 40 regional supplements and local riders. In every one of those agreements, our union is fighting for:

- **An end to forced 6th and 7th punches**
- **More teeth in the grievance procedure to stop unfair discipline**
- **Paid breaks for every part-timer**
- **More paid time off (vacations, personal holidays, and sick days)**
- **Martin Luther King Day and Juneteenth as paid holidays**
