## ABOUT US

The Teamster Safety and Health Department provides comprehensive worker safety and health training to our rank-and-file membership, in addition to technical and regulatory support to our local union affiliates, Teamster trade divisions and conferences, and Teamster departments. Our team is comprised of a diverse group of professionals with varied experiences, an expansive knowledge base, and over 100+ combined years of experience to service Teamster Members.

## OUR MISSION

The mission of the Safety and Health Department is to develop and implement occupational safety and health and transportation safety policy for the Teamsters, local union affiliates and rank-and file members.

## SERVICES

- Technical Assistance and Information
- Legislative and Regulatory Activities
- Workplace Inspections and Surveys
- Collective Bargaining
- Occupational Safety and Health Research
- Organizing
- Training and Education
- Surveys and Data Analysis
