## Flight Simulator Technician Annual Pay Improvements over the life of the TA

The below tables show the average annual pay improvements above current book members on the Technician pay scale would enjoy if the TA is ratified. To read the chart simply locate your current pay step follow across the same row. The increases consider step and longevity increases a member would receive over this period.

- Example: the average Flight Simulator Technician with more than six (6) months of service would see their pay increase by **\$83,518** between the August 11<sup>th</sup>, 2024, pay increase and December 4<sup>th</sup>, 2028.

Flight Simulator Technicians							
Current YOS	Current Step	Annual Pay Increase*					Total Pay Inc 8/11/24 to 12/4/28

\* Annual Pay Increase is the difference between the TA and current all-in Hourly Rate (includes the Basic scale rate and Longevity, excluding VEBA) assuming 2,080 hours worked at straight time and 200 overtime hours at 1.5x's pay (2,380 paid hours). For purposes of this analysis, it is assumed that the date of ratification of the TA is April 1st, 2024 with step increases occurring each October 1st.

\*\* The column for 8/11/24 is the average hours worked for the period of 8/11/2024 to 12/4/2024 (or 126 days / 365 = 34.5% of a year => 34.5% \* 2,380 annual pay hours = 821.1 pay hours for the period.)
